MEMORANDUM TO THE HEADS OF FEDERAL DEPARTMENTS AND ESTABLISHMENTS

FROM: Joseph R. Wright, Jr.
Deputy Director

SUBJECT: Public Service Recognition Week

The week of May 2 - 8, 1988, has been suggested by the President's Council on Management Improvement and the Public Employees Roundtable as "Public Service Recognition Week." The President plans to sign a proclamation officially establishing the above dates as "Public Service Recognition Week." I ask you to join me during this week by leading and participating in events for your Department or agency which appropriately recognize the contributions made by public servants.

Productive excellence in public service is crucial to our Government. We must set the tone for Public Service Recognition Week by demonstrating that we ourselves support the hard work and service provided by Federal workers. Our leadership will help the American people understand Federal and other public employees in their mission of service.

I appreciate your personal attention and support of this occasion to thank our Federal employees for their service to our Nation.
